### Information for Fishermen

Some good catches of catfish were made yesterday up near the "Three Sisters." Policeman Burlingame caught sixteen, weighing from one to six and one-half pounds apiece. Other fishermen were equally as fortunate.

An unusually large number of large eels are being caught between the Aqueduct Bridge and Edin's Mill, on trout lines. Owing to the muddy condition of the water perch and bass are not biting.

On Decoration Day one of the officers of the Seventh precinct caught thirty-seven large catfish.

## U. S. SUPREME COURT ADJOURNS UNTIL FALL

### Case of Northern Securities Company Advanced.

### WRIGHT CAN BE EXTRADITED

The Supreme Court of the United States adjourned yesterday until next fall. All cases argued before the court at this term were disposed of before adjournment. On motion of Solicitor General Hoyt, the Northern Securities Company case was advanced on the docket, and December 14 next the time set for the hearing.

In the case of Whitaker Wright, the English financier, who was arrested in New York on a charge of fraud, and who sought to secure his release from custody through habeas corpus proceedings, the court denied his application for the writ. It was further held that Wright was extraditable and his appeal for bail was denied.

Justice Holmes announced the opinion of the court in the case involving the copyright of books written by his father, Oliver Wendell Holmes. The question came up on the petitions of rival publishing companies. The court held that the books were not copyrighted.

### Important Case.

An important decision involving one of the rights of the island possessions of the United States has been handed down by the Supreme Court of the United States. It established the principle that under the Hawaiian annexation act, the residents of those islands who are charged with crime are not entitled to an indictment by a grand jury, nor was a unanimous verdict of a petit jury necessary to convict.

The case was that of Osaki Mankichi, a Japanese who was convicted of manslaughter, though never indicted by a grand jury, by a vote of nine to three on the part of the petit jury. The Supreme Court was almost equally divided on the case. Justice Day, although not in court today, sat in the case, and by his decision established the majority ruling. Chief Justice Fuller and Justices Harlan, Peckham and Brewer dissented.

Justice Brewer announced the decision of the court in the Atlantic and Pacific Telegraph Company against the city of Philadelphia, involving the right of the municipal corporation to levy a tax against the poles and wires of the telegraph company. The court held that the city of Philadelphia had undertaken by the imposition of an unreasonable tax to force the telegraph company to put its wires underground.

Justice Brewer, for the court, said: "We do not say that a city has not by virtue of its police powers authority directly to compel the removal of wires from poles to conduits, but it may be questionable whether a city can seek the same results by an excessive and unreasonable charge upon overhead wires."

### Must Pay Alimony.

In the case of Lottie E. Dunbar against Horace B. Dunbar, which came up from the State courts of Massachusetts, the court held that a discharge in bankruptcy does not operate as a discharge for the defendant from an obligation to pay alimony.

The court held in the case of Snyder against Bettman that the United States Government under the war revenue law can collect a tax on a bequest to a municipality.

## HODCARRIERS GOT WHAT THEY WANTED

### Successful Strike for an Increase of Wages.

At the weekly meeting of the Central Labor Union, held in Typographical Temple, last evening, the members of Hodcarriers' Union No. 2 announced that twenty hodcarriers went on a strike yesterday at the Stoneleigh Court apartment house, Connecticut Avenue and L Street, which is in course of construction for Secretary of State Hay. The workmen, in compliance with the orders of President Lewis O'Brien, of their organization, demanded \$2.25 per day, instead of \$2. The "strike" was of brief duration, however, as the demand was granted, and the men returned to work. The union is unattached to the Central Labor Union or the Building Trades Council.

The Central Labor Union committee on organization, which was asked to consider the petition of the Amalgamated Painters for a charter from the Brotherhood of Decorators and Painters, reported last night. The committee did not reach a definite conclusion, and referred the matter to the executive council of the American Federation of Labor, with a recommendation that the charter be granted, if possible. It is understood that the Brotherhood objects to granting the charter, but if the Brotherhood Gompers sees fit to grant it, the brotherhood men will be compelled to do so.

## ENDEAVOR UNION HELD ITS ANNUAL MEETING

### Plans Discussed for Washington Grove Gathering.

The annual meeting of the District of Columbia Christian Endeavor Union was held at Calvary Baptist Church last night. The election of officers for the ensuing year was held, after which a musical program was presented.

The officers elected were: President, Owen P. Kellar, Calvary Baptist Church; first vice president, J. W. Pickens, Vermont Avenue Christian Church; second vice president, W. S. Duffield, Lincoln Temple Congregational Church; third vice president, Joseph H. Straughn, Mount Tabor Methodist Protestant Church; recording secretary, H. C. Metcalf Curley, Memorial Presbyterian Church; corresponding secretary, Bessie Taylor, Union Methodist Episcopal Church; junior superintendent, Elsie Parkinson.

Mr. Duffield and Mr. Straughn were the only new officers elected, the other incumbents being re-elected. A short song service was held after which Rev. J. W. McNeil, of Maryland Avenue Baptist Church, offered prayer. H. H. Smith spoke about the plans of the meetings to be held at Washington Grove this summer, and Percy S. Foster, in charge of transportation, also made a report.

Musical numbers were contributed by Mrs. Wilson Young, Mr. Holland, A. B. Griffith, Edward L. Wright, Mrs. J. O. Pierce, and B. Frank Meyers.

## FRATERNAL ORDER SUED FOR INSURANCE

### Action of Executors Against Golden Cross Commandery.

The Supreme Commandery of the United Order of the Golden Cross of the World is named as defendant in a suit begun in the District Supreme Court by Richard Bernard and Alfred D. Bernard to recover \$3,000. It is explained that the plaintiffs are executors and assignees, under the will of Joseph Trainor, of Baltimore, Md. Trainor, it is said, died December 2, 1902. At that time he was a member of Halcyon Commandery, No. 128, of the United Order of the Golden Cross, of Washington, D. C.

In January, 1890, Trainor having complied with all the prerequisites of the order, there was issued to him a "full rate" insurance certificate for \$3,000. Notwithstanding that the defendant organization is said to have been furnished with proper proofs of Trainor's death, it is contended the order refuses to pay to the plaintiffs \$2,000, the amount of the death benefit certificate. It is understood that the Supreme Commandery of the United Order of the Golden Cross contends that the policy issued to Trainor had lapsed before he died.

## BROOKLAND CITIZENS URGE IMPROVEMENTS

### Association Requests Biddle to Open Rhode Island Avenue.

A. F. Kinnan, president of the Brookland Citizens' Association, called on Colonel Biddle, the strict Engineer Commissioner, and lked with him about the early opening and improvement of Rhode Island Avenue north-east from Lincoln Avenue. Mr. Kinnan left with the Commissioner a resolution, recently passed by the Brookland Citizens' Association, and statement prepared by himself setting forth the need of the improvement.

Mr. Kinnan said the opening of Rhode Island Avenue to the street line was one of the important improvements of the next few years if the extension of the city in that direction was not to be effectually barred. Mr. Kinnan asked that the grading and paving of this avenue should be put high on the street schedule as possible, and an appropriation asked which would carry the work out some distance year by year, until completed. He thought no street leading out to the suburbs was more essential to the natural development of the city.

Colonel Biddle promised to give the matter attention, and to do what was practicable in the way of improving Rhode Island Avenue.

## NEW FACULTY NAMED FOR KEE MAR COLLEGE

### Former Teachers at Forest Glen Will Reorganize Hagerstown School.

Announcement was made today that Miss F. Page Robinson, formerly principal teacher at National Park Seminary, Forest Glen, and Miss Ida Munro, assistant to the president of that school and instructor in mathematics, will next fall become co-principals of Kee Mar College, Hagerstown, Md.

Their faculty will include Prof. Almon Vincent, principal music teacher, and Mrs. Vincent, vocal instructor, respectively, at National Park Seminary; Theodore B. Shank, modern languages; F. D. Kershner, English and Latin; Rowland Davies, assistant to Prof. Vincent; Harriet Bartow, principal of the preparatory school; Lucie Bell, instrumental music, and Walter G. Slappey, Latin and Greek.

Kee Mar College will be established next year on a new intellectual foundation. This re-establishment of the school is of special interest to Washingtonians, in that a Washington school home will be maintained here. At the close of each week a group of girls from the Hagerstown school will be brought here to remain from Saturday until Monday, that they may be given the advantage of the many artistic and instructive benefits of the Capital. Each girl will come once a month.
